GIOIELLI DI DESIGN

Design jewelry

Con Capsule il bagno si trasforma in un autentico scrigno di lusso, impreziosito da gioielli di design unici: tre nuove texture distinte che parlano il linguaggio della contemporaneità.
Frutto di maestria artigianale e tecnologia d'avanguardia, le geometrie a rilievo disegnano decori dalle forme nette e precise. Vere e proprie opere d'arte che riflettono una ricchezza straordinaria nelle numerose finiture dedicate, per la massima attenzione al dettaglio.

With Capsule, the bathroom fills up with luxury thanks to unique gems of design: three new distinctive, contemporary textures. The result of craftsmanship and cutting-edge technology, embossed geometries create decorations with clear and precise shapes. True works of art that display an extraordinary richness through the many dedicated finishes, with maximum attention to detail.

CAPSULE

Dall'evoluzione del design geometrico nasce Capsule, una collezione di maniglie ispirate all'incontro tra arte tessile e alta gioielleria.

Tre texture tridimensionali, Glow, Grain e Cannelé, personalizzano la rubinetteria di spazi residenziali e commerciali. I motivi danno vita a combinazioni sofisticate, con giochi di luce che rendono unico ogni elemento.

Capsule originates from the evolution of geometric design, a collection of handles inspired by textile art and refined jewelry coming together.

Three three-dimensional textures, Glow, Grain and Cannelé, allow for the customization of taps in residential and commercial spaces. The motifs give life to sophisticated combinations, with plays of light that make each element unique.

La bellezza tridimensionale in un raffinato equilibrio di stili.

Three-dimensional beauty in a refined balance of styles.

CONDIZIONI GENERALI DI VENDITA

Le presenti condizioni generali disciplinano tutti gli attuali e futuri contratti fra le parti, salvo eventuali deroghe concordate per iscritto. Le condizioni generali del compratore non trovano applicazione nei rapporti futuri tra le parti se non espressamente accettate per iscritto dalla Mario Bongio S.r.l.

1. Applicazione del contratto

L'invio da parte del compratore di un ordine al venditore comporta l'applicazione al contratto di vendita delle presenti condizioni generali. Il venditore si riserva il diritto di accettare o rifiutare l'ordine ricevuto. Le offerte stipulate da agenti, rappresentanti ed ausiliari del commercio del venditore al compratore, non sono impegnative fino a quando non siano confermate da sede centrale del venditore stesso.

2. Prezzi

I prezzi indicati nei listini Mario Bongio S.r.l. sono in euro e sono da intendersi esclusi di costi di trasporto, assicurazione ed iva. Ai prezzi deve essere applicata l'aliquota in vigore al momento della fatturazione. Il venditore si riserva di modificare i prezzi e/o variare il listino prezzi senza alcun preavviso.

3. Resa della merce

Salvo patto contrario, la fornitura dei prodotti si intende Franco Fabbrica del venditore ed assicurazione sono pertanto a carico del compratore ed i rischi relativi al trasporto della fornitura passano al compratore nel momento in cui i prodotti lasciano lo stabilimento del venditore. Nel caso il venditore agisse come mandatario del compratore, il trasporto verrà effettuato a rischio del compratore.

4. Termini di consegna

I termini di consegna indicati sulle conferme d'ordine non sono tassativi e, in nessun caso, possono giustificare ritardi nei pagamenti o dare luogo a risarcimento di danni e/o contestazioni. È esclusa qualsiasi responsabilità del venditore per danni derivanti da anticipata, ritardata o mancata consegna, totale o parziale. Il compratore è sempre tenuto a prendere in consegna i prodotti, anche in caso di consegne parziali e quando i contratti vengano consegnati prima o successivamente alla data di consegna stabilita. Il termine di consegna verrà prorogato di un periodo pari a quello della durata dell'impedimento al verificarsi di cause di forza maggiore. In nessun caso, a causa del verificarsi di tali circostanze, il compratore potrà esigere compensi o indennizzi di qualsiasi natura.

5. Garanzia

Il venditore garantisce la conformità dei prodotti forniti. Con termine di conformità dei prodotti si intende che essi corrispondono per qualità, quantità e tipo a quanto stabilito nel contratto e che sono esenti da vizi che potrebbero renderli non idonei all'uso cui sono destinati. La garanzia è limitata ai soli difetti dei prodotti conseguenti a difetti di progettazione, di produzione, di materiale o di costruzione, riconducibili al venditore, e non si applica nel caso in cui il compratore non abbia effettuato una corretta conservazione/manutenzione dei prodotti e/o li abbia modificati senza il consenso del venditore. Il venditore non risponde dei difetti dovuti all'usura di quelle parti che, per loro natura sono soggette a usura rapida e continua. Per ogni altra precisazione si rimanda al libretto di garanzia generale Mario Bongio S.r.l.

6. Reclami

Il compratore è tenuto a verificare la conformità dei prodotti e l'assenza di vizi entro otto giorni dalla data di ricevimento delle merci. I reclami relativi a non conformità dei prodotti forniti dovranno essere pertanto effettuati, a pena di decadenza, entro e non oltre otto giorni dal ricevimento della merce. Tutti i reclami devono essere inviati al venditore, per iscritto, via mail e devono riportare nel dettaglio i vizi e le non conformità contestate. In caso di reclamo effettuato nei termini e nei modi sopra indicati, la merce dovrà essere tenuta integralmente a disposizione del venditore per i controlli che lo stesso riterrà opportuni.

7. Rimedi

In caso di prodotti non conformi e, dopo aver ricevuto un rapporto dettagliato dal compratore, il venditore potrà, a sua insindacabile scelta: a) fornire gratuitamente Franco Fabbrica al compratore prodotti dello stesso genere e quantità di quelli risultanti difettosi o non conformi a quanto pattuito, dopo averne ottenuto la resa per la verifica. L'eventuale sostituzione effettuata prontamente dal venditore non può essere ritenuta un implicito riconoscimento dei vizi contestati. Qualora il venditore, in sede di verifica, non riconosca viziati i prodotti, provvederà alla

fatturazione di quelli inviati in sostituzione;

b) emettere una nota di accredito a favore del compratore per un importo corrispondente al valore dei prodotti difettosi. In entrambi i casi il venditore ha diritto alla restituzione dei prodotti difettosi, che diventano di sua proprietà.

8. Resi

I resi di merce da parte del compratore dovranno sempre comunque essere autorizzati per iscritto dalla nostra sede. I resi preventivamente autorizzati devono giungere al venditore franco magazzino di San Maurizio d'Oglio in buon ordine e negli imballaggi originali. GENERAL SALE CONDITIONS

These general sale conditions of sale regulate all current and future contracts between the parties, except for any further derogation agreed in writing. Any general conditions of the buyer will not be applied in the future cooperation between the parties, unless expressly accepted in writing by Mario Bongio S.r.l.

1. Application of the Contract

The buyer, placing the order, fully accepts automatically the application of these general terms. The Seller reserves the right to accept or refuse the order of the buyer. Offers made by agents, representatives or auxiliaries of the seller to the buyer, are not binding until they are confirmed directly by the seller itself.

2. Prices

The prices indicated in the Mario Bongio S.r.l. price lists are in Euro currency and they do not include shipment costs, VAT or any other tax. The Seller has the right to amend the prices/price list without any prior notice.

3. Delivery of the goods

Unless otherwise agreed in writing, the supply of the products has to be considered ex-factory (ex-works) San Maurizio d'Oglio unloaded at customs: transport and insurance costs are therefore at buyer account and all the risks relative to the transportation and/or handling of the products are responsibility of the buyer in the moment the products leave the warehouse of the seller. In the case the seller will act as the buyer's agent, transport, insurance costs and all the risks will be again at buyer account.

4. Delivery time of the goods

The delivery time indicated on the order confirmation is not preteremptory and it cannot be justification for delays in payments or claims for damages. Any liability of the seller has excluded from any damages coming from anticipated, delayed or non-delivery, total or partial of the goods. The buyer is always required to accept the delivery of the products, even in the case of partial deliveries and when the products have been delivered before the established delivery date or successively to that date. The delivery time will be extended accordingly at the occurrence of causes of force majeure. In any case, due to the occurrence of such circumstances, the buyer may demand any compensation or refund.

5. Guarantee

The seller guarantees the compliance of the products supplied; the term "compliance of the products" means the products correspond in quality, quantity and type, to what has been agreed in the contract and that they are without defects, that could prevent use for which they are intended to be. The guarantee against defects has limited only to production defects that can be attributed to the seller and it does not apply in the case where the buyer is unable to prove a correct preservation of the product and where he has modified and/or handled them without the agreement of the seller. The seller is not liable for defects due to the wear and tear of those parts which by their nature are subject to a rapid and continuous wear and tear. For any further details relative to the Warranty, please go through the general Mario Bongio S.r.l. warranty book.

6. Claims

The purchaser has to control the compliance of the products and the absence of flaws within eight days from receipt of the material. Claims relevant to non-conformities of the goods must be communicated, on pain of forfeiture, within and not later than eight days from receipt of the material at their place of destination. Claims must be sent by written note to the seller and must be well detailed. In case of a claim, regularly effected as specified above, the material should be taken at disposal of the seller for the necessary controls.

7. Resolution of the Claims

In case of faulty products and after receiving a detailed report from the buyer, the seller may, at his discretion:
a) supply the products ex-factory to the buyer - same type and quantity of the defective ones - only after receiving and checking the defective ones. Any replacement carried out promptly by the seller, cannot be considered as implicit recognition of the claimed defects.
After inspection, if the goods result not defective, the seller will invoice the ones sent in replacement;
b) issue a credit-note to the buyer of the same value of the defective products.
In both cases the buyer will return the faulty products to the seller.

8. Returned goods

The buyer should receive a written authorization of the seller before sending back the goods. The authorized goods will be delivered free our warehouse in San Maurizio d'Oglio. The credit note for the returned goods will be settled only after reception and inspection of the goods, done by our quality control department. Damages caused to the products or bad and/or not original packaging will be deducted from the credit note.

9. Payments

The payments and every other sum due to the seller, are understood as net at the registered office of the seller. Payments must be settled within the established date, also in case of late delivery or loss of total / partial merchandise is not attributable to the seller. Any delay or irregularity in the payment gives the seller the right to suspend the supply or to cancel the existing contract, even if they are not relevant to the payments in question, as well as the right to balance of eventual damages. The seller has also the right - starting from the payment deadline - to debit the interests for delay as per art. 5 of Italian Legislative Decree no. 231 of 09/10/2002. The delays of payments, likewise, give the seller the right to exclude the guarantee. The customer has no right to balance and/or to deduct any payments, even when they are in dispute.

10. Retention of Title

The delivered products remain seller's property until the moment of the complete payment of the price.
